All claims for rebate must be made within six days after receipt of stock.

GUARANTEE. All stock is sold and warranted true to name, on the sole and express conditions, that should any prove untrue, it will either be replaced with the genuine variety or purchase price refunded.

DEALERS wishing to pack here will find our facilities first-class.

CORRESPONDENCE SOLICITED.

This list abrogates previous quotations.

For telegraphing, use nurseryman's telegraphic code.

To those unacquainted with the undersigned, we would state that Saddler Bros. have been engaged in the nursery business for a lifetime. Their stock is carefully grown, systematically sprayed, graded and packed according to the highest standard.

WISMER APPLE.

WISMER DESSERT APPLE—Originated in Northern Ontario, Canada. Tree, iron clad, hardier than Wealthy or Duchess, and fully as productive; has withstood the severe winters of that northern climate. Size, medium to large, beautifully colored with yellow, shaded bright red in stripes and blotches—very handsome. In quality, “Wismer’s Dessert” excels any apple ever originated. Subacid, mild, delicious, being entirely distinct from the flavor of any other apple, resembling that of a luscious, ripe pear in its melting juiciness. Season, December to April.
